

# **Hilton Head Body Wraps**

## **Heated Parafango Body Wrap**

Stimulate the lymphatic system to release toxins, tone and tighten skin with a heated application of parafango – a mixture of paraffin and sea clay. The treatment begins as your therapist dry brushes your skin, and then paints heated parafango over your entire body. It ends in a comfortable wrap to let the thermal properties of the paraffin and the detoxifying effects of sea clay work their magic. A memorable treatment.

90 minutes ~ \$150

## **Rehydrating Body Butter Wrap**

Indulge yourself as your therapist dry brushes your body to exfoliate dead skin and stimulate circulation, followed by an application of Shea body butter. Next, your therapist cocoons you in a comforting wrap and lets you rest undisturbed. Truly relaxing.

50 minutes ~ \$85
